

Oil: The Next Revolution

The Unprecedented Upsurge of Oil Production Capacity and What It Means for the World

Monday, September 24th
6:00pm

Leonardo Maugeri

- Research Fellow of the Geopolitics of Energy Project at the Harvard Kennedy School's Belfer Center for Science and International Affairs.
- Former Senior Executive Vice President of Strategies at ENI and Executive Chairman of Polimeri Europa.
- Author of many articles and books, among them, *The Age of Oil: the Mythology, History, and Future of the World's Most Controversial Resource* (Praeger, 2006), which earned the Choice Price in the United States in 2007 and was translated into eleven languages
- Among the few who affirmed world's oil was neither running out nor approaching its peak-production

Register at no charge by September 21st at: <http://maugerihib.eventbrite.com>
